Iron Mountain Q3 2026: Asset Lifecycle Revenue Rises 43% on Enterprise Wins and Decommissioning

Published: 22 November 2026 | Author: David Daoud

Iron Mountain’s asset lifecycle management business grew 43% to $241 million in the third quarter, with 38% organic growth, and management now expects the segment to reach revenue modestly ahead of $1 billion for 2026. Enterprise customers and data center decommissioning did most of the work. One of the quarter’s contract wins replaced a regional ITAD provider and in-house processing, which gives independent providers a clearer view of how a large records company is pursuing equipment disposition work.
