Telecommunications: AT&T Advances Copper Service Retirement Across 500 Communities as Wire-Center Shutdowns Accelerate - U.S. Outlook

Published: 23 October 2026 | Author: David Daoud

AT&T reported on October 19 that it had discontinued legacy copper services in more than 500 communities, covering approximately 1.3 million locations across 18 states. The company also reported that only 1% of eligible customers continue to use its legacy copper voice technology.
